

Canadian Sport Parachuting Association

APPLICATION FOR CSPA EXHIBITION JUMP RATING

Name: _____ CSPA No: _____ Expiry: _____
 Address: _____ CoP: _____
 City: _____ Province: _____ Postal Code: _____
 Total jumps: _____ Total ram-air jumps: _____ Jumps in last 12 months: _____

Instructions to EJR Examiner(s)

- Witness the qualifying jumps made by the candidate and initial each jump on the application
- In the event of an unsuccessful jump destroy the current application and begin a new one
- After the candidate has completed the 10 qualifying jumps — administer the exam
- Send the completed application and exam plus the \$40 fee to CSPA

10 Qualifying Jumps (each jump need not be signed off by the same EJR Examiner)

Logbook Jump#	Date	Canopy Type & Size	Examiner's Initials	CSPA No.	Expiry Date

EJR EXAMINER USE ONLY

*I have examined the documents, observed the skills, administered the exam, and hereby verify that I find this candidate to be **knowledgeable, qualified, fully competent and capable** to carry out the duties and responsibilities of **Exhibition Parachute Jumps**.*

NAME _____ CSPA No. _____ Expiry Date _____

SIGNATURE _____ DATE _____

Correct answers on exam ____/30 (24 correct answers out of 30 is the minimum pass mark)

CSPA USE ONLY

Date Received: _____ Fee: _____ Date Application Approved: _____

Approved By: _____ CSPA Position: _____

Revalidation Date: _____

04/2012

Note: Application will only be accepted for processing if exam and fee are attached.

The CSPA Exhibition Jump Rating (EJR)

Who qualifies?

To be eligible for the EJR you must have the following qualifications:

- current CSPA membership
- a minimum of 500 ram-air parachute jumps
- a CSPA/FAI “C” or higher Certificate of Proficiency
- a minimum of 50 parachute jumps within the previous 12 months

How do you obtain an EJR?

To obtain an EJR you must not only be a current parachutist, demonstrating your personal ability to an EJR examiner, but you must also be familiar with the planning and preparation which forms part of a successful exhibition jump. You must:

- score at least 24/30 correct answers on the EJR written exam, and
- perform 10 consecutively pre-planned jumps. Each landing must be standing up, and the jumper must make first contact and stop within a 10 metre diameter circle—witnessed by an EJR Examiner.

Pre-planned means that before each qualifying jump you must declare to the EJR Examiner that it will be an EJR qualification jump, landing within a designated 10 metre circle.

Consecutively applies to the pre-planning only. So, other jumps may be made between the qualifying jumps as the examiner may not be available each time you jump; or other reasons may make it impractical for you to perform the 10 qualifying jumps within a defined time period.

This also means that if one of the 10 pre-planned qualifying jumps results in a miss, i.e. you fall down, land outside the designated 10 metre circle or have first contact within the designated area but land outside, then it's back to the beginning. None of the previous qualifying jumps count and you are required to start over from jump number one.

Witness means that the EJR Examiner must observe the jump and indicate this on the candidate's application form (jump number, date, canopy type, initials, etc.).

THE INITIAL EJR ADMINISTRATION FEE IS \$40 (see below)

For what period of time is the EJR valid?

The EJR revalidation date runs concurrently with the CSPA membership renewal date and must be revalidated when renewing membership, or you will be charged a \$10 revalidation fee. Revalidation requirements are:

- current CSPA membership
- 50 parachute jumps within the previous 12 months—10 of which must have been within a designated 10 metre circle, using a main parachute which meets the wing loading and performance characteristics of the parachute intended for use on any exhibition jumps.
- if requested, photocopies of logbook verifying required jumps have been performed
- verification by an EJR Examiner

Who may act as Exhibition Jump Rating Examiners?

- Course Facilitator (Course Conductor)
- Skydive School Examiner (Instructor B)
- Coach “2”s
- Logbook Examiners
- CSPA Judges (jump verification only)
